MEMORANDUM

DATE: March 2, 2011

TO: Towns of Jefferson County

FROM: Rob Klotz, Director, Jefferson County Planning and Zoning

RE: Key Elements in the Draft Agricultural Preservation and Land Use Plan

There was a request at the February 21 Draft Agricultural Preservation and Land Use Plan open house for a compilation of key changes from the 1999 county plan. The planners at Vandewalle and Associates have come up with such a compilation, which is included here, along with a projected timeline, an upcoming Steering Committee meeting agenda and correspondence from the Department of Agriculture, Trade and Consumer Protection regarding plan certification. We have also included a number of comment forms for your use.

Please contact me at 920-674-7113 or Michelle Staff at 920-674-8638 with any questions you may have about the draft plan.
